

## Taking Care of You at MOJO

Here is what to expect at Military MOJO – the safety of our attendees is a top priority. In compliance with Marriott hotels where we host our hiring events nationally, new protocols and practices have been implemented in keeping with high standards of cleanliness and commitment to service. As guidance, fully vaccinated guests are not required to wear face coverings or social distance at indoor or outdoor areas of the hotel. We do ask that unvaccinated guests wear face coverings and practice social distancing. In keeping with Marriott's Commitment to Clean, several enhancements have been applied to cleaning practices throughout the property and in guest rooms. These include:

- **Enhanced Public Space Cleaning:** Increased frequency of cleaning and disinfection, particularly in areas with high traffic including restrooms, restaurants, meeting space, elevators.
- **Personal Protective Equipment:** Staff members will wear PPE (face coverings, gloves, etc.), based on activities they are performing as directed by local authorities.
- **Electrostatic Spraying:** Enhanced technologies, including electrostatic sprayers with hospital-grade disinfectants, have been applied to support rigorous cleanliness protocols.
- **Disinfectant Wipes:** Available in the room for every arriving guest as well as upon request.

Any questions or special requests please contact:
